

Dear GAGC Friends,

Each year we look forward to our GAGC Convention where gifted education in our state is celebrated. We love the time together to learn, grow, and network in our profession as gifted educators, especially with this year's theme of ***Equity and Access***. We will use all our creativity for our first ever 2021 GAGC "Virtual" Convention. We are excited to make this shift so we can better meet the needs of our districts. Now you will be able to attend our sessions with keynote speakers, concurrent sessions, vendors, and much more from the comfort of your classroom, office, or your sofa at home.

More information is coming soon. Join us in March for our 2021 GAGC "Virtual" Convention. You will not want to miss it!

Sincerely, GAGC Convention Chairs
